

# Post Glover

"The Resistor Specialists"

## EU-RoHS Declaration of Conformity

Company Name: Post Glover Resistors, Inc.

Address: 1369 Cox Ave  
Erlanger KY 41018

The undersigned hereby declares that to the best of Post Glover Resistor's knowledge, the products listed below conform with the European Union's RoHS Directive 2011/65/EU, amended per Directive 2015/863/EU known as "Recast RoHS" (RoHS-3), 8 June 2011, Amendment 24 June 2015.

Products:

Dynamic Braking Resistors  
Motor Control Resistors  
Neutral Grounding Resistors  
Harmonic Filter  
Low Voltage Pulser, a.k.a. PulserPlus.Net  
Medium Voltage Pulser, a.k.a. MVP.Net

Resistors are of Edgewound, Grid or Wirewound of open type or enclosed in enclosures.

| No. | RoHS Restricted Substances            | Max. Concentration |
|-----|---------------------------------------|--------------------|
| 1.  | Cadmium                               | 0.01%              |
| 2.  | Mercury                               | 0.1%               |
| 3.  | Lead                                  | 0.1%               |
| 4.  | Chromium VI                           | 0.1%               |
| 5.  | Polybrominated biphenyls(PBB)         | 0.1%               |
| 6.  | Polybrominated diphenyl ethers (PBDE) | 0.1%               |
| 7.  | Bis(2-ethylhexyl) phthalate (DEHP)    | 0.1%               |
| 8.  | Butyl benzyl phthalate (BBP)          | 0.1%               |
| 9.  | Dibutyl phthalate (DBP)               | 0.1%               |
| 10. | Di-isobutyl phthalate (DIBP)          | 0.1%               |

The substances restricted by the RoHS Directive are not contained above threshold limits stated in Annex II unless the restrictive substance is subject of an exemption contained in the RoHS Directive.
